OPENING DAY A SUCCESS

Fine Weather and Splendid Rings
Bring Crowds.

CAKE WALK BIG FEATURE.

Week Promises To Be a Record
Breaker.

Perhaps the largest crowd that has
ever been in attendance at the Bour-
bon Fair on the opening day since its
reorganization seven years ago, was
present yesterday to witness the ex-
hibit, which in several respects com-
pared with that of former years, while
in many it was far superior.

The day which dawned bright and
clear with a comfortable atmosphere
changed to some degree before the ex-
hibition began and while the weather
was very warm it was in a way uncom-
fortable to the large gathering. Short-
ly afternoon a light rain fell, which
for a time threatened to preclude the
exhibition for the afternoon, but soon
a bright sun dried the ring and the
exhibitors were able to proceed, the
entire program for the day being car-
ried out.

Without doubt, the most unique fea-
ture of the day was the cake walk, the
first to occupy a place on a program
of a country fair in this section of the
State, but which met with a hearty
ovation from the spectators, who
were more than pleased with the per-
formance of the colored people who
participated in the event.

In the cake walk there participated
Mose Watkins and companion, of At-
lanta, Ga., Bull Davis and companion,
of Knoxville, Tenn., Gene Williams
and companion, Paris, H. Q. Reed and
companion, St. Louis, Mo., and Geo.
Williams and companion, Paris. Wat-
kins came out victor in the event
with Davis second and Gene Williams
third. Messrs. Charlton Clay, Sher-
man Goodpaster and Withers Davis
acted as judges.

So much interest has been mani-
fested in the outcome of the cake walk
that it has been decided by the man-
agement of the fair to make a special
ring of a cake walk Friday afternoon,
and the weather permitting, it should
prove quite an attraction.

Shetland ponies had their inning on
the opening day and the best product
of the Blue Grass region was on exhibi-
tion. Competition in all of the rings
was very strong and it was difficult for
the judges to reach a decision.

In the New York saddle class there
were five entries and this being one
of the most difficult rings of the after-
noon for the judges to reach a decision,
more than one-half hour was con-
sumed. Finally by the decision of the
judge Matlack & Shropshire, of Win-
chester, was awarded the first prize on
Goldie McDonald, and Caywood &
Hamilton, of North Middletown, sec-
ond.

The ring for the best colt, either sex
under one year old brought out ten
entries, and the awards were made to
John W. Collins & Son, North Mid-
dletown, first; R. H. Boardman, Flat
Rock, second; and J. W. Rice, North
Middletown, third.

ADD PREMIUM

NOTES OF THE FAIR.

Among the visitors at the fair yes-
terday were Mr. Hoffman Wood, of
Mt. Sterling, Secretary of the Mont-
gomery Fair Association. Mr. Wood
was here in the interest of the fair
which is to be held in Mt. Sterling in
1914, and which gives every promise
of being the best fair in the State.
Mr. Wood has provided for seventeen
rich stakes for his fair next year, the
principal one of which will be the class
for suckling fillies, colts or geldings,
foaled in 1913. This is the richest
stake of the fair, having a premium
of \$1,400, which is divided into several
parts.

The girls' canning clubs in Kentucky
this year resemble the play without
Hamlet, as far as competition under
the Federal scheme is concerned, and
the drouth is to blame. The Federal
Department of Agriculture has cast
the tomato for the principal role in
its demonstration work in household
economics, and tomatoes are about the
scarcest things in the State this year.

Mrs. Hellen Wolcott, of Shelbyville,
who is in charge of the canning club's
organization, gave two demonstrations
last week, one at Henderson and the
other at Hopkinsville. At Henderson
the tomatoes had to be bought on the
market. Bullitt county is another
with a girls' canning club, but no to-
matoes, and other counties are little
better supplied.

Notwithstanding the lack of mate-
rial for competing for the Federal
prizes, Mrs. Wolcott reported that she
has found widespread interest in the
demonstration work. Girls' canning
clubs have been organized in Jeffer-
son, Mason, Bullitt, Henderson, Chris-
tian, Madison and Warren counties.

ALL TAILORING WORK
IS GUARANTEED.

Cleaning and pressing, repairing,
altering and in fact, anything in the
tailoring line. All work guaranteed to
meet with satisfaction. The only
shop in town having an expert tailor in
charge. To get the best results in
all classes of work, give us a call.

COLLINS & HALLMAN.

(tf) Cor. Main and Fourth Streets.

STATE SUES TO
RECOVER LARGE SUM.

The Farmers' Bank, a State Treas-
ury Depository under the administra-
tion of State Auditor S. W. Hager, was
sued at Frankfort yesterday by the
State of Kentucky to collect \$31,000
paid out to Assistant Auditor Judge
Charles E. Boe, who was convicted of
the offense and served a term in the
penitentiary.

As a State depository the Farmers'
Bank gave to the State a personal
bond, amounting to several hundred
thousands of dollars. Judge Boe,
while Assistant Auditor, forged the
names of many persons to checks at
this bank, making a total of \$31,000
which, it is alleged in the petition,
was not accounted for to the State.

The law in this State provides that
a bank is liable for the payment of
money on forged checks.

FOR SALE.

Choice Fultz Seed Wheat, Seed Bar-
ley, Northern grown Seed Rye. Also
Timothy Seed. Either phone 84.

R. B. HUTCHCRAFT,
(x) Paris, Ky.

From New York to Hawaii by the
present all-water route is 12,800 miles
but by the Panama Canal this will be
cut down to 6,000 miles.

FIGHT IN LEXINGTON TO BAR THE MOTORCYCLE.

At the regular weekly meeting Mon-
day of the Board of City Commis-
sioners in Lexington an ordinance was
introduced declaring motorcycles to be a
nuisance, and prohibiting their opera-
tion on the streets of the city under
a penalty of \$50 to \$100 fine and 30
days imprisonment in the workhouse.
Mayor J. E. Cassidy in presenting the
ordinance stated that he did so at the
request of a prominent citizen, who
had been greatly annoyed by the wan-
ton disregard of the law, excessive
speed and noise of these machines,
and while the measure in its present
form could not in his estimation, be-
come an ordinance, he recommended
that it be referred to the City Soli-
citor for incorporation in part into the
new automobile and motorcycle ordi-
nance which it is proposed to draft as
soon as City Solicitor Denny returns
from the East.

The ordinance was given its first
reading and referred to the City Soli-
citor.

The attention of the Commissioners
having been called to the danger from
automobiles to persons alighting from
street cars, the matter was discussed
and it was found to be the opinion of the
Commissioners that a provision
should be incorporated in the proposed
new automobile ordinance directing
that all automobiles stop within ten
feet of street cars while discharging
passengers.

NOTICE.

**City tax lists for the
year 1913 are now in
my hands for collec-
tion, at my office at
the Deposit Bank.**

**C. K. THOMAS,
City Collector.**

MARSHALL WILL APPOINT DEMOCRATS AT OPPORTUNITY.

With the laying off for the summer,
while the distilleries are closed, of
nearly all of the gaugers, storekeepers
and storekeeper-gaugers in this inter-
nal revenue district, the Democrats
who want to get into these places now
occupied by Republicans, have taken
on new hope. As a result sixty-eight
applicants took the civil service exam-
inations Saturday and Monday at Lexington
in an effort to get on the eligible
list.

When a gauger or storekeeper is
laid off during the summer the collector
of the district has the right to either
reassign them in the fall, when the dis-
tilleries reopen, or to employ other
persons from the eligible list to the
places. Collector of Internal Revenue
Ben Marshall frankly says he intends
to appoint a Democrat every time he
gets a chance, and therefore there is a
rush of the Democrats to get in the
eligible list.

NO TOMATOES WITH WHICH TO CONDUCT DEMONSTRATION.

The girls' canning clubs in Kentucky
this year resemble the play without
Hamlet, as far as competition under
the Federal scheme is concerned, and
the drouth is to blame. The Federal
Department of Agriculture has cast
the tomato for the principal role in
its demonstration work in household
economics, and tomatoes are about the
scarcest things in the State this year.

Mrs. Hellen Wolcott, of Shelbyville,
who is in charge of the canning club's
organization, gave two demonstrations
last week, one at Henderson and the
other at Hopkinsville. At Henderson
the tomatoes had to be bought on the
market. Bullitt county is another
with a girls' canning club, but no to-
matoes, and other counties are little
better supplied.

Notwithstanding the lack of mate-
rial for competing for the Federal
prizes, Mrs. Wolcott reported that she
has found widespread interest in the
demonstration work. Girls' canning
clubs have been organized in Jeffer-
son, Mason, Bullitt, Henderson, Chris-
tian, Madison and Warren counties.

SWIMS 24 MILES

IN THIRTEEN HOURS.

A new swimming record was made
Tuesday when Sam Richards, of South
Boston, Mass., swam to Boston light
and back a total distance of 24 miles,
in 13 hours and 9 minutes. This is the
first time that the return swim has
ever been made. The swim to the
light is known as one of the most
difficult attempted by swimmers on ac-
count of the strong currents encoun-
tered. Richards was in good condition
when he landed and climbed up the
steps at Charleston Bridge unassisted.

HOME-COOKING.

Home-cooking at our cafe. Short
order meals for supper and breakfast.
Regular vegetable dinner at noon for
50 cents. Fair visitors give us a
call.

(x) **STAG CAFE.**

THE SLIT SKIRT BARRED.

Several hundred young women
stenographers and clerks employed by
a large manufacturing concern at
New Haven, Conn., received polite
notes in their envelopes this week,
with the warning that the slit skirts,
the hobble and diaphanous skirt are
not to be tolerated. Each girl is
asked to appear for work in business-
like and modest clothes.

Fair Visitors Especially Invited.

STOCK AND FARM NOTES

—Matlack & Shropshire's unbeatable string of saddle and harness horses, are at Paris this week, taking in the Bourbon fair, where they expect to secure a big slice of the premiums. Hampton Bros. will not bring their Jack stock.

ADD STOCK. —As high as \$15 has been offered for the growing crop of tobacco in several of the counties of the Blue Grass, but the growers are looking for a better price, as the crop will be short. The crop in Bourbon will see the knife within the next few days. In some sections cutting will begin the latter part of this week.

Mt. Sterling seems to be on the hustle to revive the old time fair and racing. One of the best fairs in the State took place in July and now a move is on foot to hold fall trotting and pacing meeting, some time in September. A party of enthusiastic horsemen are behind the move and of course all adjoining counties will lend any aid possible in order to make it a success.

FACTS IN ADVERTISING.

Presistency is the most important factor in advertising—keep hammering and you will get results.

Persistent advertising in a poor space position is more effective than intermittent advertising in a good position. It is not profitable to let your firm name disappear from the columns of your newspaper.

Change of advertising copy is essential; but not too frequently. It is better to present good idea several times than to present several poor ideas at any time.

Large advertisements have proportionately greater drawing power than small ones. Increasing your space in proportion to the increase in your business, is a sound sales policy.

Nothing is more irritating than a poorly worded advertisement. "Koal," "Kow," "Kake" and "Mister" belong to the barbarous age of advertising.

Advertisements that breed ideas are more effective than those that attempt to force their acceptance. Nobody likes to be commanded to buy; but nearly everybody can be easily induced to do so by proper suggestion or advice or by a statement of facts.

An advertisement that answers a question existing in the mind of a prospect is more effective than one that attempts to both ask and answer a question. The use of "why" is apt to teach people the bad habit of asking questions in return instead of listening to advice.

Advertisements that present one idea briefly and forcibly are more powerful than those embodying several ideas illogically stated. Brevity is the soul of an effective advertisement.

LUKE McLUKE SAYS:

No matter how busy a woman may be, she can always find time to worry for fear someone will kidnap the children.

What has become of the old-fashioned girl who used to cover plates and bottles with cigar bands?

Charity begins at home. That's why the man who owes you \$10 passes you up so he can give a dollar to the Heathen.

The only hats in these stores that are becoming to a woman are the ones she can't afford.

No man ever grew a flock of chin whiskers that were a good substitute for a chin.

A woman can worry over the possibility of something happening that would give her something to worry about.

When a man has nothing to say, it usually takes him a long time to say it.

As long as a man has 2 hairs left he always wonders if he will ever grow bald.

Once in a while a man forgets himself in public and is actually polite to his own wife.

There are too many men hunting for positions and dodging jobs.

In the novels the females who have been disappointed in love are all single. In real life they are married.

A man who says he loves his enemies should be classified as the Irishman classified the man who said he liked olives.—[Cincinnati Enquirer.]

BRITAIN'S SUNLESS VILLAGE

In the valley of the Lyn, near Lynmouth, North Devon, there is a quaint little hamlet called Middleham, where for three months in the year the sun is not seen.

The cluster of houses forming that hamlet is surrounded on all sides by hills so steep and so high that from November to February the sun does not rise high enough to be seen over their tops.

The first appearance of the sun is eagerly looked for, and as it is first seen on February 14 the inhabitants call it their valentine.

If the day should be foggy or cloudy so that it cannot be seen, there is great disappointment, especially among the children.

For the first few days after the 14th the sun is only seen for a short time, but as the sun rises higher in the heavens the time it is in sight increases daily until its height is reached when it gradually begins to fade from view again, until in November it entirely vanishes for another three months.

YOU WILL BE PLEASED.

Get shoe satisfaction by trying at
(18-19) FELD'S.

Wood pulp imports into the United States have grown from 112,500,000 pounds in 1901 to 1,080,000,000 pounds last year, while British imports increased from 995,000,000 pounds to 2,073,000,000 pounds.

DEATHS AND FUNERALS

WILLIAMS.

—Mr. John Thomas Williams, aged 71 years, died at his home on Marshall street, Tuesday morning at 10 o'clock, after only a few days' illness of cholera morbus. Mr. Williams is survived by his wife and three children, Mrs. M. M. Culberson and William Williams, of this city, and Mr. Joseph Williams, Chief of Police of Millersburg. The funeral will take place this afternoon, the cortège leaving the home at 3 o'clock. Services will be held at the grave in the Paris cemetery by Rev. J. T. Sharrard.

SPECIAL PREMIUM FOR PONY AT COLORED FAIR.

On Wednesday there will be a special cash premium donated by Caywood & McClintock for the best pony three years old and under, driven by a lady. \$10 cash entrance fee to all. x

In many Chinese cities an expert shirt maker who does good work can be hired for 10 cents a day to make shirts to measure, at least for native customers, and he will turn out not less than ones shirt a day, for an indefinite period. All of which discourages the trade of dealers in ready-made garments of even moderate cost. The materials, of course, are of approximately equal value in both cases.

Cloudy ice may be from one-third to two-fifths less efficient in cooling than transparent ice, stated M. Taboury at the Toulouse Congress of Cold. It appears that the heat absorbed in the melting of clear ice is remarkably constant, and never varies more than 5 per cent. Cloudy ice, on the other hand, is very variable, sometimes absorbing as much heat as clear ice, though usually much less.

In Kansas City both the men and the women who work in offices are dissatisfied with the dress of the other sex. A woman writes to the Kansas City Star to complain because men remove their coats when at work. A man writes—not in reply to this complaint—to charge the girls who work in his office were turning it into a "cabaret show" by their "conspicuous and immodest attire."
